

**Annual Key Assessment Findings and Curricular Improvements
Department of Physics
Bachelor of Science/ Bachelor of Arts Program in Physics
AY 2009-10**

Key Assessment Findings

During the academic year 2009-2010, no undergraduate students took the senior comps. Aggregated data will be presented later in the five-year report.

Curricular Improvements

No major changes to the undergraduate curriculum are planned at this time.

The Department has developed rubrics for the undergraduate program for analysis of comprehensive exam performance for the BA and BS candidates in Physics. The rubrics will be applied during the 2010-2011 academic year.
